## Self Introduction

Hello! I am a licensed guide-interpreter based in Saga and Fukuoka regions. While I am a fresh face in the industry, I offer a unique, high-energy perspective on the Kyushu region. Many travelers visit Tokyo or Kyoto, but I believe the true soul of Japan lies in the unexplored. Saga is a hidden gem for those seeking the "Real Japan" away from the crowds. I can lead you to the heart of Arita-yaki, where you can experience traditional pottery making, or to serene hot spring towns to relax like a local.

As an active sprit who loves Rugby, Yoga, and Motorcycle touring, I enjoy exploring off-the-beaten-path spots. I also have a deep appreciation for Buddhism, adding spiritual depth to our journey. My mission is to be your local friend and bridge to out culture. Let's create an unforgettable, authentic adventure together in Kyushu!
